

Purpose Statement

600/2020/9 ProQual Level 3 Certificate in Assessing Vocational Achievement

Overview

This qualification is aimed at candidates whose role involves assessing competence based units or qualifications in a variety of contexts, those assessing in the workplace and those assessing in alternative environments such as workshops, classrooms and other training environments.

The qualification is also attractive to candidates who find themselves within training and development environments on the basis of their knowledge or technical skills, but have no knowledge or experience of assessment.

The units cover all the essential knowledge, understanding and practice that assessors need in order to demonstrate competent assessment of vocational skills, knowledge and understanding in the work environment, workshops, classrooms or other training environments.

Learning Outcomes

To achieve the qualification the following mandatory units must be completed:

- Understanding the principles and practices of assessment
- Assess occupational competence in the work environment
- Assess vocational skills, knowledge and understanding

You will work with an assessor to complete a portfolio of evidence that confirms you have met the requirements of the qualification.

There are no entry requirements or specific skills needed to undertake this qualification.
