

## Purpose Statement

### 601/1082/X ProQual Level 3 NVQ Diploma in Controlling Lifting Operations – Supervising Lifts (Construction)(QCF)

#### Overview

Achievement of this qualification supports candidates seeking to apply for a Construction Plant Competence Scheme (CPCS) blue card.

CPCS provides a registration card scheme acknowledged by industry for those involved in plant operations by recognising skills, knowledge and understanding, competence and qualifications and is vital when seeking employment access to construction and allied industry sites to use and supervise lifting operations.

The qualification equips the candidate to plan, supervise and control site lifting operations safely and with CPCS registration provides opportunities for anyone seeking employment within the UK construction industry.

#### Learning Outcomes

To achieve the qualification the following mandatory units will be covered:

- Developing and Maintaining Good Occupational Working Relationships in the Workplace
- Supervising Lifting Operations Using Lifting Equipment in the Workplace
- Maintaining Systems for Health, Safety, Welfare and Environmental Protection in the Workplace
- Coordinating and Organising the Control of Work in the Workplace
- Allocating and Monitoring the Use of Plant, Equipment or Machinery in the Workplace
- Maintaining the Dimensional Accuracy of Work in the Workplace
- Co-ordinating Preparation Work for Site or Lifting Operations in the Workplace
- Allocating Work and Checking People's Performance in the Workplace

You will work with an assessor to complete a portfolio of evidence that confirms you have met the requirements of the qualification.

There are no entry requirements or specific skills needed to undertake this qualification.
