

Purpose Statement

601/2055/1 ProQual Level 6 NVQ Diploma in Construction Contracting Operations Management (Construction)

Overview

The ProQual Level 6 NVQ Diploma in Construction Contracting Operations Management (QCF) qualification provides a nationally recognised qualification for candidates working in a management role in the construction industry. Candidates follow one of five pathways depending on their job role:

- Estimating
- Buying
- Planning
- Surveying
- General

Achievement of this qualification provides a candidate with proof of competency across a broad range of issues relating to construction contracting operations management.

Learning Outcomes

To achieve the qualification you will complete four mandatory units :

- Maintain health, safety and welfare systems in construction
- Manage the performance of teams and individuals in construction
- Chair meetings and take decisions in construction
- Enhance working relationships in construction

Candidates will also need to complete units relevant to one of the 5 specific pathways.

You will work with an assessor to complete a portfolio of evidence that confirms you have met the requirements of the qualification.
